

Endoscopy Units

Discharge Information Following Oesophago Gastro Duodenoscopy (OGD/Gastroscopy) with Oesophageal Stent

Calderdale Royal Hospital

Tel: 01422 223933 / 223920

Huddersfield Royal Infirmary

Tel: 01484 342436 / 355877

You have had IV sedation (or throat spray and sedation) therefore you must:

- Have a responsible adult to care for you at home for 24 hours
- Have plenty of rest at home as the sedative can make you feel lethargic and tired

You must not:

- Drive a vehicle or motorcycle
- Drink alcohol, take recreational drugs or sleeping tablets
- Operate machinery or household equipment (kettle /cooker)
- Sign any legal documents
- Look after young children and dependents

You have had throat spray at _____

- **You must not have anything to eat and drink for 30 minutes.** After this time try a small sip of water, if this does not make you cough or gag you can refer to the diet section overleaf.

If you do have coughing and gagging please wait a further 10-15 minutes and try again.

After your procedure you may experience:

- Sore throat that may last for 24-48 hours, this should be mild and settle quickly. Simple lozenges will help.
- You may have some bloating or stomach cramps or a feeling of fullness due to the air we put in during the test. This will get better over several hours.

Things to watch out for:

- Severe pain in the neck, chest or abdomen
- Your bowel motions start to turn black
- Fever
- Vomiting

If you develop any of the above please seek medical advice from:

- **GP** in working hours
- **111** out of hours or for urgent advice the nearest **A&E** department

Calderdale A&E Tel: 01422 222325 Huddersfield A&E Tel: 01484 342396

If you attend A&E please take a copy of the report with you.

Follow up: Dependent on the nature of the finding you may need further investigations, these will be arranged by your referring clinician.

Repeat procedure: Yes in _____ weeks/months No

Restart medication: _____ Date: _____

Diet:

You should take fluids only for the remainder of the day. From tomorrow, if tolerating fluids well soft diet only (puree consistency) for example; soups, yogurts, ice cream, mashed potato with gravy for 24 hours then gradually introduce a semi normal diet (avoiding large chunks of meat or bread) as you feel able unless otherwise advised by endoscopist.

Drinks:

Please drink cool drinks only for first 24 hours and then build up to hot drinks as tolerated.

Any concerns re diet please contact the Upper GI nursing team on - Tel: 01484 355064 or the Dietician on - Tel: 01484 355064

Copy of the report given and explained Yes No
