Calderdale and Huddersfield

Orthotic Information Sheet

Type: Boots

What are Orthotic Boots?

Orthotic boots provide a high level of support around the ankle and foot that help to stabilize the position of the foot. This can help, with standing and walking.

When to get a Review?

- Redness or red marks on skin lasting longer than 15-20 minutes
- Sores or blisters on the skin
- Significant change in your child's condition or walking
- Damage to the boots
- Child's feet have grown

Gradually Build-Up Wear

At first, the insoles may feel uncomfortable, so they should be worn gradually using the following schedule:

- Day 1: 30 60 minutes
- Day 2: 1 2 hours
- Day 3: 3 4 hours
- Day 4: 4 5 hours

How to know if they still fit?

- As the toe of the boots are very hard, it is very difficult to know if the boots are still the right size.
- To check the fit of the boots: Take the insole out of the boot and place on the floor. In standing, place your child's foot onto the insole.

Care & Cleaning of Boots

- Wipe with a damp cloth
- Never immerse in water or use harsh cleaning products
- Leave to dry naturally
- Do not place on or near heat source as this can distort the shape.
