

Endoscopy Units

**Discharge Information Following
Endoscopic Ultrasound
(EUS)**

Calderdale Royal Hospital

Tel: 01422 223933 / 223920

Huddersfield Royal Infirmary

Tel: 01484 342436 / 355877

You have had IV sedation (or throat spray and sedation) therefore you must:

- Have a responsible adult to care for you at home for 24 hours
- Have plenty of rest at home as the sedative can make you feel lethargic and tired

You must not:

- Drive a vehicle or motorcycle
- Drink alcohol, take recreational drugs or sleeping tablets
- Operate machinery or household equipment (kettle /cooker)
- Sign any legal documents
- Look after young children and dependents

You have had throat spray at

- You must not have anything to eat and drink for 30 minutes. After this time try a small sip of water, if this does not make you cough or gag you can eat and drink normally.

If you do have coughing and gagging please wait a further 10-15 minutes and try again.

After your procedure you may experience:

- Sore throat that may last for 24 - 48 hours, this should be mild and settle quickly. Simple lozenges will help.
- You may have some bloating or stomach cramps or a feeling of fullness due to the air we put in during the test. This will get better over several hours.

Things to watch out for:

- Severe pain in the neck, chest or abdomen
- Your bowel motions start to turn black
- Fever
- Vomiting

If you develop any of the above please ask seek medical advice from:

- GP in working hours
- 111 out of hours or for urgent advice the nearest A&E department

Calderdale A&E - 01422 222325

Huddersfield A&E - 01484 342396

If you attend A&E please take a copy of the report with you

Follow up:

Dependent on the nature of the finding you may need further investigations, these will be arranged by your referring clinician.

Repeat procedure : **Yes** in _____ weeks/months **No**

Copy of the report given and explained **Yes** **No**
