

Homecare Medicines Service: Information for Patients

What are 'Homecare Medicines'?

'Homecare Medicines' is a term used to describe the delivery of your medicines or treatment to your home or any place you choose. With your consent, Calderdale & Huddersfield Foundation Trust (CHFT) will send your prescription to one of our trusted homecare providers who will dispense and deliver your medicines.

So who will provide my medicines/treatment?

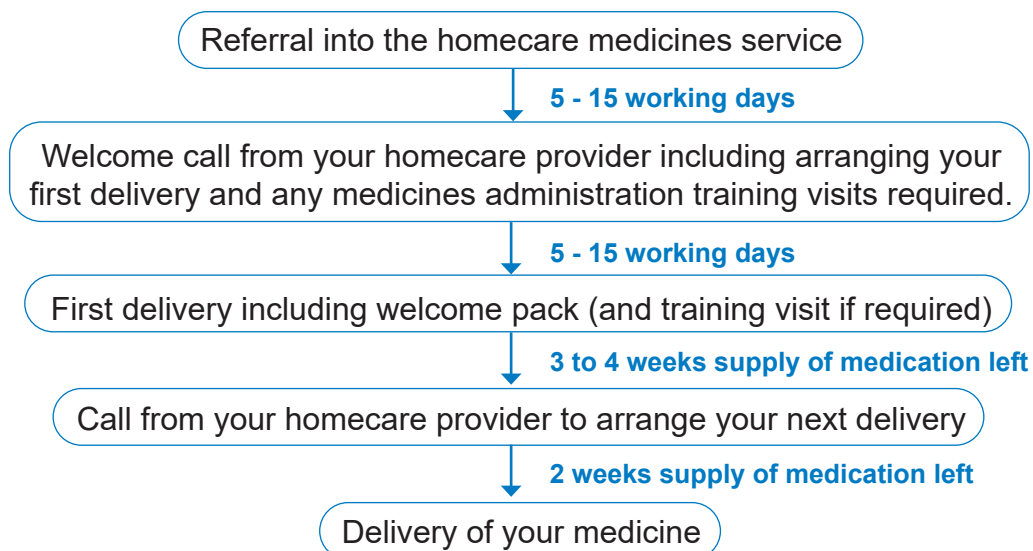

The homecare providers we use are private companies who are not part of the NHS but are registered to provide medicines and medical treatments.

The homecare provider we use will depend on which medicine or treatment you are receiving. When you register for the homecare service you will receive a welcome pack from the homecare provider that will explain who they are and what they do.

Occasionally we will change the homecare service provider we use. This will always be managed with little or no effect to you.

We always use tried and trusted homecare service providers who can demonstrate years of experience in providing quality healthcare.

How will the homecare medicines service work?

Please note – When your homecare provider calls it may come up as an unknown number or a number you don't recognise. Please be aware of this if you are expecting a call. Some providers also have apps available to assist with booking delivery times etc. which you may find useful.

How will Homecare Medicines benefit me?

Your medicines will be sent directly to you at your home (or any place you find convenient) at regular intervals.

It is important that you still attend your regular hospital appointments whilst you are receiving home deliveries to ensure that the doctors can monitor your health. Not attending your appointments could lead to your medicine deliveries being interrupted.

It is also important that you keep up to date with any required blood tests. Delays with these can also lead to interruptions with deliveries.

What are my options for delivery?

Options for delivery vary depending on the type of treatment being delivered. Your healthcare professional will be able to discuss it with you further.

You may be able to choose:

- Van delivery to home*
- Van delivery to work, friend, relative etc*

*The van will be unmarked so no one except you will know what is being delivered.

Please note – there is no cost to yourself for this service.

What if I have a problem?

The patient care coordinator at the homecare provider will usually be able to help you with delivery problems. If you have a problem which requires medical assistance you should always get in touch with your clinical team at the hospital.

If you have a problem that you feel has not been handled well, you have the right to make a complaint. Please ensure that you have attempted to resolve any complaints with your homecare provider and your NHS clinical team first.

Details of the CHFT complaints procedure are available from the hospital and online at:

<https://www.cht.nhs.uk/services/non-clinical-services/patientadvice-and-complaints-service/>

Confidentiality

The homecare provider is bound by the same rules as NHS staff in terms of the information they have access to (General Protection Data Regulation). No one from the homecare provider will discuss your treatment with anyone not involved with the NHS and will only ever contact you to discuss your delivery.

You can access a copy of the CHFT privacy notice online at:

<https://www.cht.nhs.uk/patients-visitors/privacy-notice/> or alternatively, a copy can be printed out for you.

If you have any concerns about your treatment or the service you have received, please ring the number below and ask to be put through to the department responsible for your care
