

Colorectal/Stoma Care Specialist Nursing Team Information leaflet for patients

This leaflet provides information on the colorectal stoma care nursing team. If you would like additional information or have any questions, please contact the Colorectal/Stoma Care Nurses on 01484 355062.

The Colorectal/Stoma Care Nursing Team provide quality care, support and education to meet the needs of those with bowel and some bladder conditions.

This includes people having formation of colostomy, ileostomy and urostomy.

The team also gives information and support to anyone with a colorectal disease, condition or dysfunction, or who may have colorectal surgery.

Role of the Colorectal/Stoma Care Nursing Team

The role of the colorectal/stoma care nursing team is to provide:

- Ongoing holistic support to patients and carers from diagnosis onwards
- Expert clinical care to patients
- Information regarding surgery and treatment options, bowel function, diet, lifestyle, stoma care, skin care and practical tips
- Information and advice about stoma appliances and equipment
- Nurse led investigations, diagnosis and treatment of bowel dysfunction
- Patient care in the most appropriate setting

Their role is not only to provide this type of advice and guidance but also to:

- Liaise with other agencies to ensure seamless care
- Educate other professionals about colorectal/stoma care issues
- Raise public awareness about bowel conditions both locally and nationally
- Update and develop professional knowledge and skills of team members

You can contact your colorectal/stoma care nurse whatever your problem or worry may be.

Services available

The Colorectal/Stoma Care Nurse Specialist will:

- Provide information about your diagnosis, proposed surgery and/or proposed treatments, in an appropriate environment. All information will be confidential and given in private.
- Offer ongoing support and advice throughout investigation, diagnosis, surgery, treatments and beyond if necessary.
- Offer specialist information and support in relation to stoma surgery – including pre-operative teaching, pre-operative siting and post operative teaching, support and recovery/convalescence, in conjunction with hospital and community nursing teams.
- Liaise with other specialist services as required, to ensure holistic care, e.g. social workers, dieticians, district nurse, Macmillan nurses etc.
- Act as a link between you, the patient and your doctors – with the aim of ensuring your information needs are met.
- Provide access to nurse-led Colorectal/Stoma Care clinics.
- Organise an annual exhibition of colorectal and stoma care products and related services. The aim being to provide ongoing support.

Macmillan Information Centre

When you are affected by cancer, having the right kind of information at the right time is essential. If you have concerns about:

- Finances
- Need emotional support
- Feel that family members need support
- Or have any practical issues at home

The Jayne Garforth Cancer Information Centre in the Macmillan unit at Calderdale Royal Hospital and The Cancer Information Resource Room within the Greenlea Unit at Huddersfield Royal infirmary provide a confidential, drop-in service for anyone affected by cancer.

We also offer referral to other support services, signposting to self help and support groups and links within your local Community.
