

# Your Journey Through the Eye Clinic at Calderdale Royal Hospital

When you come into clinic, type your name into the check - in computer.

If you cannot use the check-in computer, go to the reception desk and tell the person your name.

Sit down in the waiting room

You will have your eyes tested in the vision channel

If you cannot read the letters, a member of staff called an Orthoptist will show you some pictures. This could be matching pictures together, or looking at pictures, to say what you see.

After your eye test you may need to have some drops put into your eyes. this is to make the pupils of your eyes bigger so the doctor can see into the back of your eyes.

The doctor will tell you what is wrong with your eyes. The doctor may send you for some more tests and /or give you medicine to help your eyes get better.

In the waiting room, you will see a board with the names of all doctors working in the clinic today.

We try to keep waiting times to a minimum. Sometimes emergency patients have to be seen before you. Waiting times may vary.

When it is your turn the doctor will see you.

If you have any concerns or questions whilst at the eye department please don't hesitate to ask any of our friendly staff in uniform or behind the reception desk.

If you have any suggestions as to how we can improve your experience through the eye clinic, please put them in the suggestion box on reception, Thank you.
