Description

Cervical Spine Flexion

1. Sitting on a supportive chair, with your feet flat on the floor and hip distance apart. Sit up tall and gently draw your shoulder blades back and down.
2. Look down, gently taking your chin towards your chest. Keep the mid portion of your spine still, so the movement is purely coming from your neck.
3. Increase the stretch, by placing your hands at the back of your head and applying a gentle downwards pressure with your hands.
4. Hold for 10 - 30 seconds, then relax and return to the starting position. Repeat 3 times.

Cervical Spine Side Flexion Over Pressure Stretch

1. Sitting on a supportive chair, with your feet flat on the floor, knees bent to 90 degrees and hip distance apart. Sit up tall and gently draw your shoulder blades back and down.
2. Tilt your head left/right, taking your ear down towards your shoulder.
3. Keep your shoulders relaxed throughout and do not move your body.
4. Increase the stretch, by placing your hand at the side of your head and applying a gentle sideways pressure with your hands.
5. You should feel a stretch in your neck and shoulder muscles on the opposite side.
6. Hold for 10 - 30 seconds, then relax and return to the starting position. Repeat 3 times.
