You will feel a stretch
Return slowly to the start position after each stretch.

Picture courtesy of Physiotec

Rotation Stretch

Sit tall. Look left / right.
You will feel a stretch
Return slowly to the start position after each stretch.

Mobility

Mobility exercises are designed to improve flexibility round a joint and improve joint lubrication. Repetitions are down to individual preference; however a guide would be 5 - 10 repetitions slowly, regularly through the day, 2 - 4 times.

Stretches

Stretches are designed to increase soft tissue flexibility. We recommend holding the stretch for 10 - 30 seconds, repeated three times, and repeated throughout the day, 2 - 4 times. You may lessen this initially to aid comfort.
